DESCRIPTION

Plain beige canvas, elegant lines, and bamboo structure: Siena reinterprets Mediterranean tradition in a parasol that adds character to any terrace or beach club.

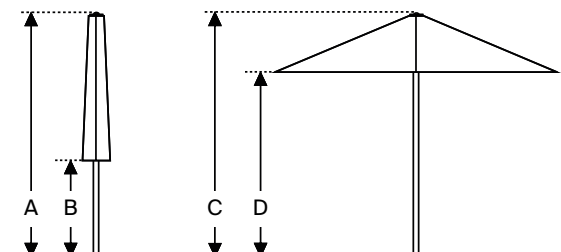

MATERIALS

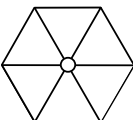

- Structure: Bamboo
- Fabric: 100% PP olefin (220 g/m²) or SR acrylic (330 g/m²)

MAIN COMPONENTS

DIMENSIONS

Model	A	B	C	D
 Ø 2,5 m Ø 3 m	245 cm	115 cm	253 cm	203 cm
	254 cm	100 cm	262 cm	

MAINTENANCE

The SIENA parasol is a unique product in which the construction solutions and materials used are of the highest quality, ensuring maximum durability. As a result, regular maintenance is minimal, allowing you to keep it in perfect working condition and with an attractive appearance with only a few interventions. Below are some simple rules that must be followed.

CANOPY

Canopy maintenance is limited to cleaning. To keep the exposed area looking like new, clean it 2 or 3 times a year to prevent dust or pollution from settling on the fabric due to sun exposure.

- OLEFIN: Dry clean only

STRUCTURE

Bamboo should be cleaned with water and neutral soap.

ATTENTION

The main function of the parasol is to reduce the incidence of sunlight; it does not provide 100% protection against rain.

We believe in the *elegance* of engineering.
