IASO, S.L. reserves the right to modify its products at any time, at its sole discretion and without prior notice, in accordance with the rights of Access, Rectification, Cancellation, and Opposition, regulated by the "Organic Law 3/2018 of 5 December 2018 on the Protection of Personal Data and Guarantee of Digital Rights" (LOPDGDD). Any modification made by the end user or by technicians not authorised by IASO, S.L. (tampering, technical alterations, etc.) to the product or any of its components during the warranty period will result in the immediate cancellation of the warranty. In such case, and under these conditions, IASO, S.L. is excluded from all liability and any direct or indirect obligation as a consequence of the unauthorised intervention.

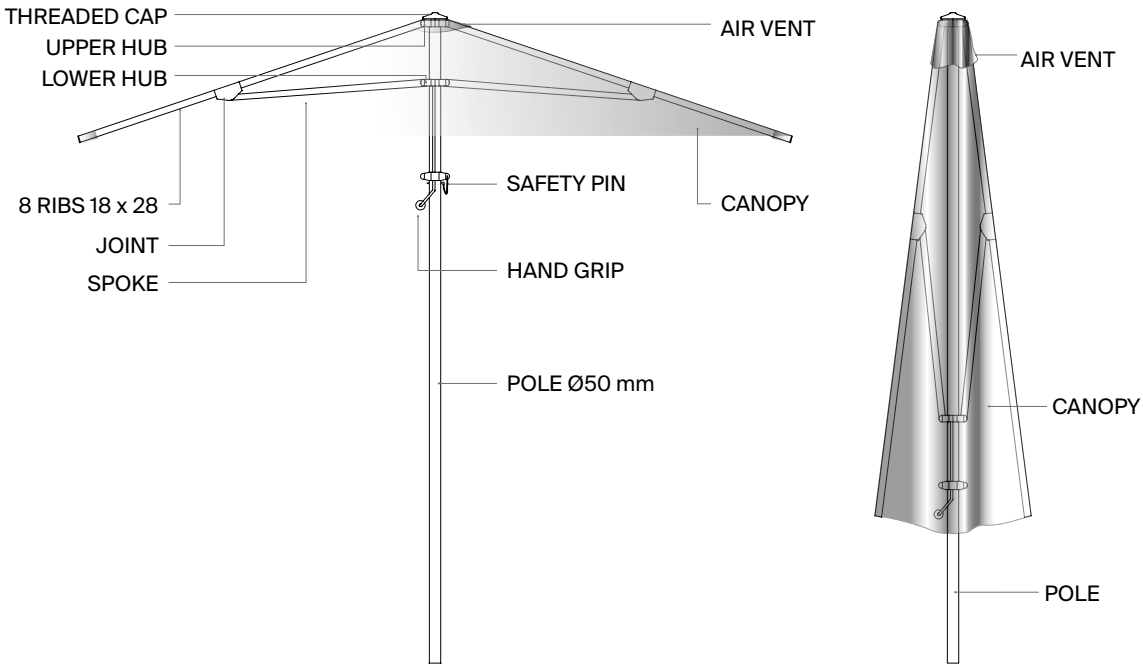
DESCRIPTION

Rayden is an ergonomic parasol designed to make daily operations easier for restaurants, hotels and cafés. Its push-up handle system allows for smooth, effortless opening, making it the most comfortable parasol in the collection.

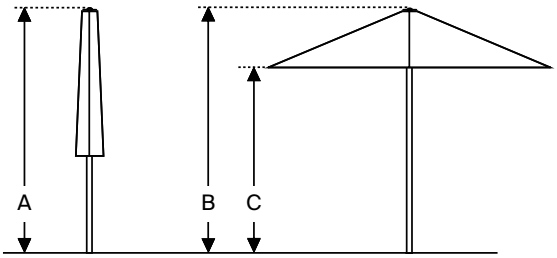
MATERIALS

- Structure: Aluminium
- Fabric: Polyester

MAIN COMPONENTS



DIMENSIONS



Model	A	B	C
 3 x 3 m	274 cm	274 cm	220 cm

MAINTENANCE

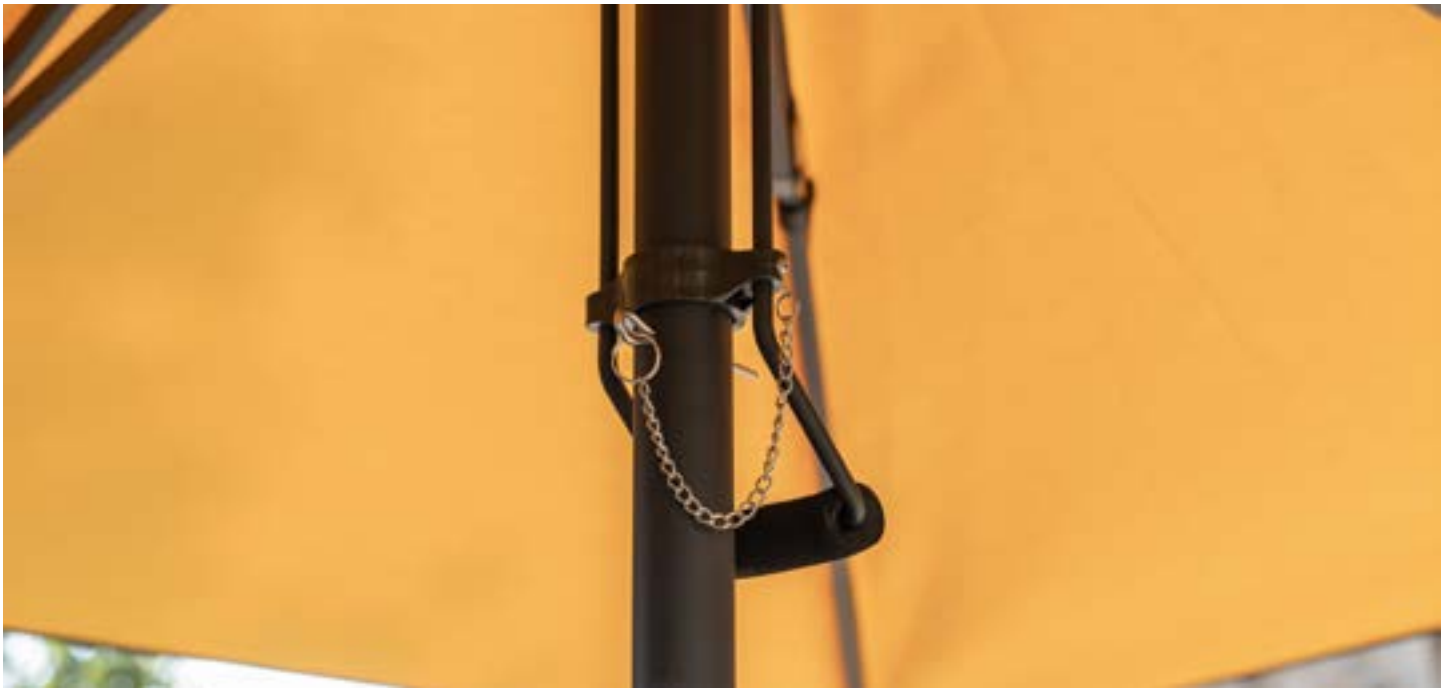
This is a unique product in which the construction solutions and materials used are of the highest quality, ensuring maximum durability. As a result, regular maintenance is minimal, allowing you to keep it in perfect working condition and with an attractive appearance with only a few interventions. Below are some simple rules that must be followed:

CANOPY
Canopy maintenance is limited to cleaning. To keep the exposed area looking like new, clean it 2 or 3 times a year to prevent dust or pollution from settling on the fabric due to sun exposure.

- POLYESTER: Dry cleaning

STRUCTURE
Aluminium and polypropylene should be cleaned with water and neutral soap.

ATTENTION
The main function of the parasol is to reduce the incidence of sunlight; it does not provide 100% protection against rain.



We believe in the *elegance* of engineering.
